1714 Children's Books

The saying on this embroidery "You are never too old,
too wacky, too wild, to pick up a book and read to a child"

I found last year on a shop window in Scotland and got directly the idea of an embroidery. Because who doesn't have beautiful memories on being read by the parents, grandparents, teacher or reading parents in the library. Or you have memories reading your self for your children or grandchildren or other children as well. Save your favorite book in this sleeve ready for reading. € 6,50

#1715 Summer House Garden

For punchneedle you always need weaver's cloth, but your embroidery work gets so much nicer if you iron your weaver's cloth with the pattern on a beautiful patchwork fabric. For this pattern I choose a light flannel dashed fabric. € 6,50

For all our customers a nice FreeBee to get through summer
